

Evaluation of PE and Sport 2018-19

NUFC Foundation

Sessions have been delivered to every class this year with a qualified coach working alongside both Teaching staff and TAs. Sessions have been really popular with the children and Rob has been able to build up a great rapport with the children and kept the provision energetic and fun. Staff have picked up some valuable ideas to incorporate into their own PE sessions. Despite holding meetings at the beginning of the school year regarding the development of an assessment framework, this was not fulfilled by the Foundation and therefore the PE coordinator has created one which is to be implemented in the 2019-2020 year. It is also one of the reasons we are working with a different provider next year who we feel has understood the importance of tracking and assessing key skills in PE.

ActiveKids

Every class has taken part in a 6 week programme of dance with Activekids. These lessons are high intensity and the children have had to work hard and get creative. This has worked really well with great dance coverage across the key stages. There has been a variety of dance styles covered. We plan to continue with this format in 2019-20. We would also apply the new assessment and monitoring framework to next year's dance input.

After School Clubs

Boys Football

The Y5/6 boys' football team had a busy year. So many boys in Y5 and Y6 wanted to represent the school that we used 2 separate teams throughout the year. We entered more competitions than ever before. They competed in the Duffy League - playing 10 matches on evenings in October and February at the Walbottle Campus. The boys played really well and finished 2nd in the League.

The boys played 3 matches in the Bishop's Cup this year, 2 in the Catholic Schools Cup Competition and 2 in the Bob Maddison Cup. They also won their group in the Newcastle EFA Cup and played in the finals of that competition.

Girls Football

The girls have played more competitive football than ever before. The team played 9 games in the West League and were in with a chance of winning the League going into the final game but eventually finished 4th. They won their EFA Cup group and therefore also played in the finals of that competition. They reached the semi final of the Catholic Schools Cup. They played in the Newcastle United Foundation girls tournament to celebrate women's football.

Y3&4 football

The Y4 football team have been very strong this year. The boys won their qualifying group in the Newcastle Schools Competition and then had a mixed night in the finals eventually finishing fourth. In the Catholic Schools 5-a-side competition they made it to the quarter-finals. The Y3/4 girls will take part in a tournament with NUFC Foundation to celebrate this year's Women's world Cup.

Multi Skills

The Y4 class went to a sports day hosted by Sacred Heart High School. They took part in orienteering, ball games and fitness circuits.

The NUFC Foundation coaches have run football sessions on Tuesday lunchtime and after school on Thursdays. There was also a weekly basketball club during the Autumn term for KS2.

Future Plans

We recognise the need to extend the variety of sports covered in next year's after school clubs. We have already agreed dance provision through ActiveKids for an after school club for those children wanting to extend their skills.

We also would like a Gymnastics after school club and are looking for a provider. We will also deliver a rugby and basketball club run by school staff in 2019-20.
